

# KOMODO – TRULY ONE OF THE BEST UNDERWATER DESTINATIONS IN THE WORLD!

*OK SCUBA addicts, who wants to dive KOMODO (YES, KOMODO!)? I have worked in Komodo, first as a divemaster and then as an instructor, and it is my FAVOURITE place to dive in all the world. It really is THAT GOOD! If you like currents, big stuff and/or small stuff and unusual stuff, then Komodo is definitely for you!*

I offer two types of trips, exclusively with operators I know personally:

1. For experienced divers (groups of 4-8), preferably certified advanced or higher\*
2. Dive pros only (groups of 4)

Dive trips will not run with fewer than 4 people and I will charter the dive boat wherever possible, to give us the greatest flexibility in choosing a diving itinerary (maximum 8 pax). If you would like to book for a group of 8 (or for dive pros, a group of 4), I may be able to arrange longer charters (depending on availability), price on request, but you can expect it to be around USD400-450/day/person. This is a great choice for photographers!

## Add-ons

Day diving trips are also available as an add-on if you want to do more days without having to do a longer trip! I can also arrange local side excursions (e.g. caves, local village cultural visits, snorkelling, fishing, beaches etc), or trips across Flores, with experienced local guides. Pricing available on request.

## General info

The destination airport is Komodo Airport (Labuan Bajo, Flores). If you require accommodation in Bali I can recommend some options.

You **must have** Divers Alert Network membership for the trip as it is a requirement of the dive operator. I also strongly recommend that you also purchase travel or trip insurance so that you are covered in case of travel disruption, illness and/or non-diving emergency\*\*.

## Other diving destinations

I can also arrange dive trips to other destinations in Indonesia (e.g. Sulawesi, Raja Ampat), as well as Fiji, Solomon Islands, and Papua New Guinea.

## About your trip leader, Liz Cotterell

I am a fish biologist and committed conservationist who has been diving for over 25 years and love to discover new places and critters. I have a wide knowledge of the underwater world, which I enjoy sharing with others.

I have worked as a dive instructor in Papua New Guinea and Indonesia, and have travelled and dived all over the world. My favourite country is Mexico, and my favourite place to dive is Komodo, Indonesia!

## Why book with Wanderlust Adventure Tours?

Good question, I'm glad you asked! I am a very experienced traveller and can provide a personalised experience, having lived and worked in all of the destinations on offer. I know the places and the people, can speak the languages (to varying degrees), and have inside knowledge that few other tour leaders can match. I believe in supporting local businesses and conservation-minded, ethical diving operators who treat their staff well.
